Subject: LSBPIE Meeting

I will have my Board report for the LPIA group tomorrow night to you. I have been busy at the Board office getting on the CE providers in order, had to leave to at 3:30 p.m. to drive home and pick up my son who was left at school because Paul was still working out of town. I am leaving in a minute for Houma to pick up a surveillance vehicle for work in the am but I plan to have everything in order and to the Board office for CE by the week.

Again, I thank the LPIA, Steve and the few providers for making my job a little easier by complying in advance of the deadline.

This may not be an unsanctioned, rogue email; however, here it is. I am not good with protocols when I am not sure what they are but I really try to be a rule follower; however, that doesn't always work to my advantage as evidenced by that applicant who said that I defamed him when I wasn't even talking about him.

Thanks. Maria
